# Ozone Working Group

*Working together to reduce ground-level ozone in the Bay Area*

**Take transit!**

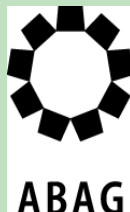

Lake Merritt BART station  
and AC Transit lines 11,  
59, 59A, 62, 35X are  
nearby. Bike racks are  
located outside.

During 2003 and early 2004, BAAQMD, in cooperation with MTC and ABAG, will be preparing the 2004 Ozone Attainment Strategy and the 2003 Clean Air Plan — the region's strategies for attaining the national and California health-based 1-hour ozone standards.

We are inviting all interested individuals and organizations to join the Ozone Working Group (OWG). The OWG will be meeting approximately every other month to discuss and provide input on different elements of this regional planning process.

**At the May 14th OWG meeting, we will be discussing control measures to reduce ground-level ozone, so please bring your ideas and suggestions.**

**Meeting agenda and materials will be available at our website around the end of April. Please visit our website at <http://www.baaqmd.gov/planning/2004sip/2004sip.htm>**
